# STEEL DOOR RANGE

## FINGERSAFE

Our Sectional Doors include a fingersafe profile between panels. Ensuring fingers will not get caught and the panels do not hold water.

## RIBLINE

'The standard choice with modern deep horizontal lines in either a smooth or woodgrain texture – Available in below Colorsteel® colours or powder coated to your requirements'.

## FINELINE

'Similar to the Ribline but with minimised lines including a woodgrain texture - Available in below Colorsteel® colours or powder coated to your requirements'.

## FLAT WOODGRAIN

'Flat panels with a woodgrain texture. The Modern choice of today which goes well with a large range of homes - Available in below Colorsteel® colours or powder coated to your requirements'.

## PRESSED PANEL

'The classic look off pressed panels doors compliments the traditional style of homes with a woodgrain texture - Available in below Colorsteel® colours or powder coated to your requirements'.
